

Bahraini PM urges maintaining national democratic atmospheres

Kuwait News Agency - 12 June, 2007

Bahraini Premier Sheikh Khalifa bin Salman Al Khalifa stressed Monday maintaining national accomplishments through observing responsible democracy and meeting the needs of citizens.

According to Bahrain News Agency (BNA), Sheikh Khalifa received a number of ministers, MPs and officials, and explained that democracy is the structure designed to preserve national achievements.

Once intentions are pure and views concur, achieving goals will be very easy and Bahrain's people have no choice but maintain unity through cooperation of executive and legislative powers, he added. He urged ministers to fully cooperate against unacceptable social behavior and ensure the society's safety.
